

Belkin Serial Extension Cable

This cable lets you extend the distance from your PC to your serial mouse, CGA/EGA video monitor, or other device that uses DB9 connectors.

Overview

Our Serial Extension Cable gives you more flexibility in arranging your work area. Now you can increase the distance between your PC and your serial mouse, CGA/EGA video monitor, or any other device with DB9 connectors. It's the perfect solution for serial devices with short cables. Thumbscrews make installation easy, and our Belkin Lifetime Warranty guarantees your long-term satisfaction.

Features

- Works with serial mouse, CGA/EGA video monitors, and devices with DB9 connectors
- Features thumbscrews for easy installation
- Provides maximum conductivity with no data loss with gold-plated copper contacts
- Comes with a Belkin Lifetime Warranty
- Adds durability with Flextec™ PVC rubberized cable jacket
- Ensures a lifetime of error-free data transmission with molded-strain relief and PVC overmolding construction
- Provides excellent signal transmission with 28-gauge, stranded, tinned-copper conductors
- Helps meet FCC requirements on electromagnetic/radio frequency interference (EMI/RFI) with aluminum undermold shield
