Product details

Tapered Flat Tip High Precision Ergo-Tweez™

[About the Excelta Quality Star System](#)

2A-SA-ET

click image to enlarge

4-3/4" Tapered tip tweezers with flat points.

Made from 300 series Stainless Steel which

provides excellent resistance to many acids

because of it's high concentration of molybdenum.

Tweezers also feature a soft foam cushion grip specially designed to fight operator fatigue and Carpel Tunnel Syndrome. ESD safe foam grips also act as a heat shield. Made in Switzerland.
