

# Drive shaft adapter DARF-Q11-16

Part number: 4835943

FESTO

 [General operating condition](#)

## Data sheet

| Feature                          | Value                                 |
|----------------------------------|---------------------------------------|
| Size                             | 16                                    |
| for piston Ø                     | Ø16                                   |
| Structural design                | Drive shaft                           |
| Corrosion resistance class (CRC) | 1 - Low corrosion stress              |
| LABS (PWIS) conformity           | VDMA24364-B1/B2-L                     |
| Ambient temperature              | -10 °C ... 60 °C                      |
| Product weight                   | 60 g                                  |
| Type of mounting                 | Via through-hole and centering sleeve |
| Note on materials                | RoHS-compliant                        |
| Material of screws               | Steel, nickel-plated                  |
