**Data sheet** 

## 3RT2017-2KB42-0LA0

traction contactor, AC-3e/AC-3, 12 A, 5.5 kW / 400 V, 3-pole, 24 V DC, 0.7-1.25  $^{\star}$  Us, with integrated suppressor diode, auxiliary contacts: 1 NC, spring-loaded terminal, size: S00, with plugged on series resistor

|  | OUR WIS                       |  |
|--|-------------------------------|--|
| product brand name   | SIRIUS                        |  |
| product designation  | Power contactor               |  |
| design of the product  | With extended operating range |  |
| product type designation   | 3RT2                          |  |
| General technical data   |                               |  |
| size of contactor  | S00                           |  |
| product extension  |                               |  |
| <ul> <li>function module for communication</li> </ul>  | No                            |  |
| auxiliary switch   | Yes                           |  |
| power loss [W] for rated value of the current  |                               |  |
| <ul> <li>at AC in hot operating state</li> </ul>   | 3.6 W                         |  |
| <ul> <li>at AC in hot operating state per pole</li> </ul>  | 1.2 W                         |  |
| without load current share typical   | 4 W                           |  |
| type of calculation of power loss depending on pole  | quadratic                     |  |
| insulation voltage   |                               |  |
| <ul> <li>of main circuit with degree of pollution 3 rated value</li> </ul>                                   | 690 V                         |  |
| <ul> <li>of auxiliary circuit with degree of pollution 3 rated value</li> </ul>                              | 690 V                         |  |
| surge voltage resistance   |                               |  |
| <ul> <li>of main circuit rated value</li> </ul>  | 6 kV                          |  |
| of auxiliary circuit rated value   | 6 kV                          |  |
| maximum permissible voltage for protective separation between coil and main contacts according to EN 60947-1 | 400 V                         |  |
| shock resistance at rectangular impulse  |                               |  |
| • at DC  | 7.3g / 5 ms, 4.7g / 10 ms     |  |
| shock resistance with sine pulse   |                               |  |
| • at DC  | 11,4g / 5 ms, 7,3g / 10 ms    |  |
| mechanical service life (operating cycles)   |                               |  |
| <ul> <li>of contactor typical</li> </ul>   | 30 000 000                    |  |
| <ul> <li>of the contactor with added electronically optimized<br/>auxiliary switch block typical</li> </ul>  | 5 000 000                     |  |
| <ul> <li>of the contactor with added auxiliary switch block typical</li> </ul>                               | 10 000 000                    |  |
| reference code according to IEC 81346-2  | Q                             |  |
| Substance Prohibitance (Date)  | 10/01/2009                    |  |
| SVHC substance name  | Lead - 7439-92-1              |  |
| Ambient conditions   |                               |  |
| installation altitude at height above sea level maximum  | 2 000 m                       |  |
| ambient temperature  |                               |  |
| <ul> <li>during operation</li> </ul>   | -40 +70 °C                    |  |
| during storage   | -55 +80 °C                    |  |
| relative humidity minimum  | 10 %                          |  |
| relative humidity at 55 °C according to IEC 60068-2-30   | 95 %                          |  |

| maximum   |                              |
|---|------------------------------|
| Environmental footprint   |                              |
| Environmental Product Declaration(EPD)  | Yes                          |
| Global Warming Potential [CO2 eq] total   | 153 kg                       |
| Global Warming Potential [CO2 eq] during manufacturing  | 1.42 kg                      |
| Global Warming Potential [CO2 eq] during operation  | 152 kg                       |
| Global Warming Potential [CO2 eq] after end of life   | -0.305 kg                    |
| Main circuit  |                              |
| number of poles for main current circuit  | 3                            |
| number of NO contacts for main contacts   | 3                            |
| operating voltage   |                              |
| at AC-3 rated value maximum   | 690 V                        |
| at AC-3e rated value maximum  | 690 V                        |
| operational current   |                              |
