# Automation technology - data transmission

Product description M12-X male cable connector, Contacts: 8, 5.5 - 9.0 mm, shieldable, cutting clamp, IP67

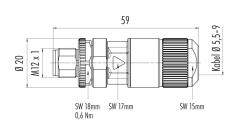

Area M12-X series 82: Part no. 99 3787 810 08

## **Technical data**

### **General features**

| Part no.                  | 99 3787 810 08          |
|---------------------------|-------------------------|
| Connector design          | male cable connector    |
| Version                   | connector male straight |
| Connector locking system  | screw                   |
| Termination               | cutting clamp           |
| Degree of protection      | IP67                    |
| Cross-sectional area      | AWG 27 - 22             |
| Cable outlet              | 5.5 - 9.0 mm            |
| Temperature range from/to | -40 °C / 85 °C          |
| Mechanical operation      | > 100 Mating cycles     |
| Weight (g)                | 76.10                   |
| Customs tariff number     | 85366990                |

### **Electrical parameters**

| Rated voltage             | 50 V (AC) / 60 V (DC) |
|---------------------------|-----------------------|
| Rated impulse voltage     | 800 V                 |
| Rated current (40 °C)     | 0,5 A                 |
| Pollution degree          | 3                     |
| Transmission rate         | CAT 6A                |
| Overvoltage category      | II                    |
| Insulating material group | II                    |
| EMC compliance            | shieldable            |

#### Material

| Housing material      | Zinc die-cast nickel-plated |
|-----------------------|-----------------------------|
| Contact body material | PA                          |
| Contact material      | CuSn (bronze)               |
| Contact plating       | Au (gold)                   |
| Locking material      | Zinc die-cast nickel-plated |
| REACH SVHC            | CAS 7439-92-1 (Lead)        |
| SCIP number           | SCIP-number not available   |

#### Classifications

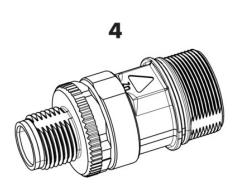

| eCl@ss 11.1 | 27-44-01-02 |
|-------------|-------------|
| ETIM 7.0    | EC002635    |

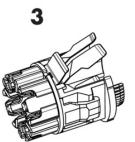

## **Declarations of conformity**

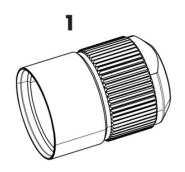

| Low Voltage Directive | 2014/35/EU (EN 60204-1:2018;EN 60529:1991) |

#### **General Disclaim Notice**

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Connectors which are used in circuits with voltages dangerous to the touch may only be installed and used by, or under the supervision of, persons with electrical engineering training, taking into account the applicable regulations and standards.

Plug connectors with enclosure protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the plug connectors must be protected separately against corrosion. For further information on the IP protection classes, please refer to the "Technical Information" download centre.

To lock the cable connector with the device connector, the threaded ring is tightened "hand-tight" (approx. 60 cNm).
