Features:

- "D" rating for Canadian applications
- Heavy duty, dual-element, time-delay plug fuses
- These fuses thread into fuse receptacles or box cover units
- · Edison base size
- Industrial strength, featuring an exclusive dual-element construction
- This spring loaded design provides superior short circuit and overload protection
- More time-delay than the medium duty Type P fuses in order to better protect industrial motors and optical residential circuits

Time-current curve - average melt
