## Technical data

### Notes

|         |                       |
|---------|-----------------------|
| General | incl. mounting screws |
|---------|-----------------------|

### Product properties

|              |               |
|--------------|---------------|
| Product type | Adapter plate |
| Seal present | yes           |

### Connection data

|                   |              |
|-------------------|--------------|
| Tightening torque | 1 ... 1.2 Nm |
|-------------------|--------------|

### Dimensions

|                     |        |
|---------------------|--------|
| Dimensional drawing |        |
| Width               | 168 mm |
| Height              | 2 mm   |
| Length              | 338 mm |

### Material specifications

|               |                                 |
|---------------|---------------------------------|
| Material      | Stainless steel 1.4301/AISI 304 |
| Seal material | NBR                             |

### Environmental and real-life conditions

|                                 |                   |
|---------------------------------|-------------------|
| Ambient conditions              |                   |
| Degree of protection            | IP54              |
| Ambient temperature (operation) | -40 °C ... 100 °C |

### Mounting

|               |                                                                                                                                                |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Assembly note | Diameter of fixing hole for self-tapping screw: 4.5 mm ... 4.7 mm, mounting screws (M5x12): 1.0 Nm ... 1.2 Nm tightening torque, SW4 Allen key |
|               | Make sure the seal is fitted correctly (must not be squeezed out at the sides)                                                                 |
